MEMORANDUM FOR: Chief, Logistics Branch, SSD, TSSG
THROUGH: Chief, Support Services Division, TSSG
SUBJECT: Disposal of Light Table

In FY-67, [] modified a Government furnished
[] 940 MC Light Table to evaluate the feasibility of electrostatic
hold down of film. The modified table was returned to NPIC where it was
tested. After testing, the electrostatic equipment was removed from the
table leaving the table unuseable but repairable. Because of the
vintage of the table, however, it is not practical for NPIC to recondi-
tion it. It is therefore requested that [] Light Table Model
[] listed as inventory item "Table, Scanning,
[] Model [] be disposed of according to
standard Government practice and that this item be removed from the NPIC
inventory.
